MEDICAL EXAMINATION FACILITY AT BIKINI ISLAND

Gentlemen:

Reference is made to my letter dated August 1, 1969, requesting your assistance in the initiation of a lease agreement for the subject facility.

We have decided it would be unwise to proceed with construction of a permanent type medical examination facility at this time. Accordingly, you are requested to take no action to secure a lease agreement as requested in my August 1 letter.

It now appears it will be some time before any of the islands of the atoll are occupied on a permanent basis. In the event it is necessary to conduct medical examinations before a permanent facility is available, we propose to provide Dr. Conrad with a temporary facility.
